The Scouts will be participating in events as a patrol. Therefore, on this registration form list the name of each patrol and the quantity of Scouts in each patrol. If you have two small patrols that will be competing together, pick a patrol name and list all Scouts under that name.

There will be an emphasis on the troop and patrols being boy run. To that end, we will be looking for evidence that the boys are doing everything on their own cooking, camp set-up, gateways etc... Adults will not be camping in the same site, they will be in their own camp, but will be close enough to monitor their troop's actions. **Additionally, we would like each troop to staff an event.** Ideally, we would prefer that we get Eagle Scouts ages 16-21 to run the event with an older adult there to supervise. Please e-mail us at avcamporee@gmail.com if you have a preferred event to run.
